

## Your Wedding Formalwear Checklist

### What Will Happen the Week of Your Wedding

The gentlemen in your wedding are all scheduled for a **SECOND FITTING** a few days before the wedding. This is part of our service and a **very important** step to ensure all tuxedos are to your satisfaction on your wedding day.

How the **SECOND FITTING** process works:

- We do **not** recommend that someone just **"pick up"** a tuxedo for anyone in your party. This second fitting is very important.
- At this time, all of the attendants will **"try on"** the actual tuxedo they will be wearing. **Alterations and adjustments will likely be needed.**
- If minor alterations are needed they can be done at the store while they wait.
- If adjustments or alterations are needed that may take a little longer, we will have them ready **in plenty of time before your ceremony.**

### *Choose your colors and styles*

If you didn't select your colors today, we recommend so within **60 days**. For your convenience, you can view styles anytime at TuxedoJunction.com

### *Have your wedding party measured*

Some guys may procrastinate, so make sure you start now. You can keep track of who's been measured with My Wedding Planner at TuxedoJunction.com.
